WORLD OF INVENTION

Technology to change our lives

Royal Mail Book of Stamps

The Distance was as follows

The time was taken at starting from the starting point and also every time the engine passed the posts No. 1 & No. 2 for ten times & at the conclusion of the first journey the time was taken when the engine returned to the starting point. The number of laps was 10. The distance travelled at full speed was 30 miles and the total journey was 35 miles.
